

PART 2: STEP-BY-STEP FILING CHECKLIST

To complete the incorporation of your company, follow these steps to assemble and submit your package to the Nova Scotia Registry of Joint Stock Companies.

Step 1

Execute (Sign and Witness) the Documents

- **Memorandum of Association:**

1. Print the document Memorandum_of_Association.md.
2. **Important — Handwriting Requirement:** Micah must write, **in her own handwriting**, the number of shares being taken (i.e., write "One Class A Common Share" by hand in the shares column). Micah must also sign the Subscription List in her own hand.
3. A witness (who cannot be Micah, but can be any adult) must watch Micah sign, then sign and print their own name, address, and occupation in the "Witness to the Above Signature" section.

- **Articles of Association:**

1. Print the document Articles_of_Association.md.
2. Micah signs the subscription page at the end of the Articles.
3. The same or a different witness signs and prints their name, address, and occupation under "Witness to the Above Signature" at the end of the Articles.

- **Statutory Declaration of Compliance:**

1. Print Part 1 of this document.
2. Micah must take this to a **Commissioner of Oaths, Notary Public, or Justice of the Peace** in Nova Scotia to sign it in their presence.
3. **Where to find one:* Most lawyers, notary services, municipal clerks, and customer service officers at Access Nova Scotia centers are Commissioners of Oaths. Many offer low-cost or free services for simple declarations.

Step 2

Set Up an Access Nova Scotia Business Account

1. Visit the **Access Nova Scotia - Online Service for Businesses** portal:
<https://www.novascotia.ca/sns/access/business/online-services.asp>
2. If you don't already have one, create a **Nova Scotia Service Account** for your business profile.

Step 3

Initiate the "Incorporate a Company" Application

1. In your online portal dashboard, select **"Incorporate a Limited Company"** under the Registry of Joint Stock Companies services.
2. **Select Name Option:** Choose **"Numbered Company"**.
 - **Why this is easy:** You do not need to reserve a name in advance. The system will automatically assign the next available number (e.g., `4389123 Nova Scotia Limited`) once the filing is approved.

Step 4

Enter Company Information Online

The portal will ask you to fill out online forms which correspond to standard statutory notices. Enter the following details:

- **Notice of Registered Office:**
 - **Civic Address:** 860 Marlborough Woods, Halifax, Nova Scotia, B3H 1H8.
 - **Mailing Address:** (Same as above).
- **Notice of Directors:**
 - **Director 1 Name:** Micah Adrienne Lacson.
 - **Address:** 860 Marlborough Woods, Halifax, Nova Scotia, B3H 1H8.
 - **Resident of Nova Scotia:** Yes.
- **Notice of Officers:**
 - **President:** Micah Adrienne Lacson.
 - **Secretary:** Micah Adrienne Lacson.
 - **Treasurer:** Micah Adrienne Lacson.

- **Appointment of Recognized Agent:**
- *Recognized Agent Name:* Micah Adrienne Lacson.
- *Address:* 860 Marlborough Woods, Halifax, Nova Scotia, B3H 1H8.

Step 5

Upload Signed PDF Documents

Scan your signed and witnessed paper documents into high-quality PDF files and upload them where prompted in the portal:

1. **Memorandum of Association** (signed, handwritten shares notation, and witnessed PDF).
2. **Articles of Association** (signed and witnessed PDF).
3. **Statutory Declaration of Compliance** (signed before and stamped/sealed by a Commissioner of Oaths, PDF).

Step 6

Pay the Fees and Submit

1. Pay the registration fees using a credit card through the secure portal.
 - **Incorporation Fee:** Approximately **\$450.00 CAD** (includes registration for the first year).
 2. Review all details and click **Submit**.
-

PART 3: WHAT HAPPENS NEXT?

1. **Review Period:** The Registry of Joint Stock Companies typically reviews electronic incorporation submissions within **3 to 10 business days**.

2. **Certificate of Incorporation:** Once approved, the Registry will issue:

- A **Certificate of Incorporation** bearing your officially assigned corporate number (e.g., *4389123 Nova Scotia Limited*).
- Your **Nova Scotia Business Number (BN)** (issued in partnership with the Canada Revenue Agency).

3. **Immediate Post-Incorporation Steps:**

- **ISC Register:** Set up your Register of Individuals with Significant Control. As sole shareholder, Micah must be listed as the ISC. Record her full name, date of birth, address, tax residence (Canada), the date of incorporation, and the description of control (100% of Class A Voting Shares). Keep this register at the registered office alongside the minute book.
- **Minute Book:** Prepare an organizational minute book containing copies of the Memorandum, Articles, Certificate of Incorporation, initial director/officer resolutions, first share certificate, and the ISC Register.

4. **Opening a Bank Account:** Once you receive your Certificate of Incorporation and Business Number, you can take copies of these filed documents to any Canadian financial institution to open a corporate business bank account under the company's name.

5. **Adding a Partner (In a Few Months):**

- Because we authorized an unlimited number of Class A and Class B shares, when you are ready to bring in a partner, you can:

1. Draft a simple **Share Subscription Agreement** between the Company and the new partner.

2. Convene a meeting of the Board of Directors (or sign a sole-director written resolution) approving the allotment and issuance of shares (e.g., Class A Voting Shares for an active partner, or Class B Non-Voting Shares for an investor) in exchange for their contribution (cash, assets, etc.).

3. Issue a new **Share Certificate** signed by you, and update the Company's **Register of Members** (shareholder registry) and **ISC Register** kept at your registered office.

4. If needed, pass a Special Resolution to authorize any borrowing or mortgaging (per Article 17 / Section 88(2) of the Act).

5. If you or your partner eventually decide to part ways or adjust equity holdings, the Company can execute a share buyback or redemption. This is fully supported by the specific share-purchase powers we

integrated directly into the Articles (Articles 8A and 15(f)), avoiding the need for complex future amendments.
